20<sup>th</sup> March 2020

Dear Parents and Carers,

Today we are sharing with you an outline of our daily routine at school, alongside a suggested timetable for home learning so that if you choose to, you can try and follow this at home. In school we show children a visual timetable each day so that they are prepared for what is going to happen; this could be a useful tool to use at home. We have sent children home with a set of timetable cards for you to use and to support your routines. In addition to this, children have discussed ways that they can help themselves and their families at home, how to best learn at home and what they are most excited about.

Hopefully you have been able to take useful resources from the 'take what you need' tables this morning, we hope that this will support the home learning activities provided for each year group. Just to note that any scrap paper taken this morning is for drawing/writing on the blank side as we do in class, and that the content is not intended to be a learning task for home.

As previously mentioned, if you do not have access to a computer, tablet or Smart phone, please let the school office know and we will support you in any way we can. Each Friday until we re-open, a new learning log will be made available for KS1 children so please continue to check our school webpage. For EYFS children, home learning and activities will be uploaded to Tapestry and communication will continue on this platform. We will notify you of any additional online learning opportunities as they develop.

Although school is not open, our hearts are and the Chandag Infant team will be with you and your families every step of the way. Keep us posted with your successes and light bulb moments, keep that love for learning going and we will see you all as soon as we can. #be the best you can be.

Thank you

Kind regards

Senior Leadership Team

Chandag Infant School

Be the best you can be
