

Zest Catering

Before and after school childcare services

Futura Learning Partnership has its very own in-house catering provision, Zest. With decades of experience and awards in the catering industry, the management team of Zest prides itself on its 'Fresh, healthy and tasty' ethos.

In line with the trust's food standards we will be providing a range of healthy food each day. We will always have fruit available for all children to have as an extra or a swap to the menu which will count towards their five a-day.

Our homemade, fresh healthy menu for breakfast and afterschool club is included within your session payments.

Breakfast

Children can choose between a selection of cereals, bakery and bread products, yoghurts and fruit juice.
